

Mind. Heart. Soul.

## PARTNERSHIP AGREEMENT

At Abbotsford Christian School we believe educating students is a shared commitment between school, parents, and the students themselves. It is our goal that every person who works, serves and learns at Abbotsford Christian School would develop the heart and mind of Christ.

### Abbotsford Christian School will:

- Fulfill the mission and vision of Abbotsford Christian School.
- Teach with and from a Christian perspective in all aspects of the school's curriculum and activities.
- Encourage excellence for each student in all aspects of learning and character development - intellectual, emotional, physical, social and artistic. This includes providing learning opportunities beyond the classroom that promote the growth of students in the spiritual formation and seek to strengthen their faith commitment.
- Pray for your child, your family and the school.
- Provide and model opportunities for all students to participate in Christian devotional and service activities.
- Maintain consistent communication regarding your child and the school and provide opportunities for parent involvement.
- Show respect for your child and your family and ensure that representatives of the school model a Christ-like attitude toward students and families.
- Uphold standard in expectations of student behavior and in discipline of students' misbehavior as laid out in our policies and procedures manuals.
